# HIDE FROM THE WORLD TO FIND YOURSELF

FIND YOURSELF IN YOUR NEW HOME

Close to the sea and at the heart of the countryside, there's a small hamlet in the Comporta area which people call Bicas. A place hidden enough to be found and to rediscover the peace of mind and comfort after a work week. The proximity with the capital is a commodity, but true comfort is here, halfway between the fields, the sea and modern life's pleasures. A hidden haven where the best of all worlds meet.

Authentic Bicas Comporta is a different initiative. It's a compromise between genuineness and a promise of comfort and simplicity. It's a way to live the authenticity of being.

Nestled between the rural and the contemporary, with an entrancing view of the mountain range and close to the Carvalhal and Pêgo's beaches, Authentic Bicas Comporta is a Project that contemplates three levels of experience: Suites, Villas and Hotel.
